Education

GLA University **2023 – 2027**

Bachelor of Technology in Computer Science *Mathura, UP*

Renaissance Public School **2020-2021**

Matriculation *Bulandshahr, UP*

Certification

Microsoft Certified: Azure AI Fundamentals:

- Acquired foundational understanding of AI, machine learning concepts, and Azure AI services.
- Gained insights into real-world AI applications and responsible AI practices on Microsoft Azure.

Oracle Cloud Infrastructure 2025 Certified AI Foundations:

- Officially certified by Oracle as an AI Foundations Associate (2025).
- Validates knowledge of Artificial Intelligence (AI), Machine Learning (ML), and Generative AI concepts.
- Demonstrates understanding of Oracle Cloud Infrastructure (OCI) AI services and their applications.

Projects

1.AI-Powered Alumni Portal:

- Developed an AI-powered Alumni Portal to connect alumni and current students for mentorship, networking, and career guidance.
- Implemented intelligent alumni search and recommendations based on skills, domain, and career paths.
- Built a full-stack web application with secure authentication, role-based access, and dynamic dashboards.

2. AI-Driven Career Counselling Platform:

- Built a web platform to guide students in career selection using AI/ML-based recommendations.
- Developed a 1-week functional prototype using HTML, CSS, and JavaScript with basic AI integration.

3. Multi-Model AI Health Diagnostics Agent:

- Developed an AI health app (Python, Llama-3, OCR) that reads and simplifies complex medical lab reports from PDFs and images.
- Built a custom "Heart Risk Engine" to automatically calculate cardiovascular risk based on lipid profile data.

Technical Skills

Languages: JAVA, PYHTON, HTML, CSS, JS, REACT, EXPRESS, NODE JS, SQL

Software Engineering Fundamentals: Data Structures & Algorithms, Object-Oriented Programming (OOP)

Specialization: Artificial Intelligence, Machine Learning, IOT (Internet of Things), Deep Learning, Generative Ai

Tools and Platforms: Git, GitHub, Linux

Achievements

- **Smart India Hackathon & IIITM Gwalior Hackathon Participation**
  - Participated in national-level hackathons (SIH 2024 and IIITM Gwalior) to develop innovative solutions.
  - Gained experience in problem-solving, rapid prototyping, and teamwork under tight deadlines.
